SUN BEAMS

By WALTER M. BARRETT

The time is rapidly approaching when we must again turn our thought and efforts to the problem of restocking the local streams with trout for the next season. While the state fish and game division has done well in planting thousands of baby trout in the river and tributaries, experience has taught us that the cultivated fry raised in the San Francisco Flycasting Culb's tanks offer a much better brand of fishing than the newly-hatched trout planted by the state. We still have the best fishing region in the country and it is up to us to keep it that way. This cannot be done by "letting Charley do it." It is a job for each and every one of us interested in the welfare of the Truckee-Tahoe area. We need at least 200,000 fry and we need sufficient cash to do our share in feeding and caring for them during the weeks to come. We believe that when the time comes, none will be found who will not want to put their shoulder to the wheel and aid in this vital project.

Indecision regarding the state border registration stations seems to have resulted in at least a temporary retention of the sorely-needed units. We sincerely trust that an investigation will yet prove to the satisfaction of the governing officials that these stations are a valuable asset to the state and not the nuisance and wasted expense which some would have us believe.

Well, it's been a long time since we mentioned the possibility of having the thoroughfares in Truckee kept clean of debris, and just in case you thought we had forgotten this ancient pet, we are going to touch upon it lightly. As a member of the sanitay board said many months ago, "it's just a waste of printing," but it's our printing so we don't object to a small waste on the subject. We had occasion to look from our back door the other day and believe it or not, one of our neighbors was engaged in breaking empty bottles against the end of a tank, allowing the broken pieces to scatter where they fell, regardless of possibily a car losing three or four good tires as a result. Other conditions were no better and while this waste of printing may not result in anything being done to remedy the present situation, we can only hope it prevents things from getting worse, if possible.

We are informed that our good neighbor, Editor Rogers of the Sierra Valley News at Loyalton, has disposed of his newspaper to Miss Rose Kubacheck, a veteran newspaper woman, and that the former is planning a vacation in the eastern states before returning to California to re-establish himself We extend heartiest best wishes to Miss Kubacheck and hope that both she and the Loyalton community profit by her editorship

WEATHER BUREAU HAS OBSERVATORY AT TAHOE LOCATION

George V. Sager, director of the U. S. weather bureau at Reno, announced that a new observation station has been set up at Lake Tahoe. The new unit will be operated in conjunction with the Nevada state highway department. It is located at the highway junction at Spooner's Station.

Observations will be made by R. J. Lewis, foreman of the highway department maintenance yard in Carson City.

OFFICERS SEATED BY OFFICIAL FOR ODD FELLOWS HERE

At the regular meeting of Donner Lodge No. 162, I. O. O. F., the following officers were installed for the new term by District Deputy Grand Master F. S. Powell:

Noble grand, H. Canady; vice grand, J. Zunini, right supporter of noble grand, H. Oliver; right supporter of vice grand, J. Kelley; warder, A. Artmati, and chaplain, J. C. Titus.

The three trustees for the coming year will be H. R. Oliver, J. C. Litchenberger and F. E. Powell.

Other officers will be installed at a later meeting of the lodge.

BOARD FINISHES WORK IN EQUALIZING TAXES

The board of supervisors, which has been holding special sessions as a board of equalization to equalize the assessment rolls as submitted by County Assessor John M. Hammil, completed the work Monday. No change were made in the valuations as fixed by the county assessor. They show a substantial increase over the valuations of last year.

The board also discussed the WPA project and favored an eight-hour day for these employes rather than the six-hour day which has been proposed.

The board will hold another special session next Monday.

Legion Is Told Contract Let To Build New Hall

$38,000 Dwindles Down To $23,000 For Local Structure

NEW PLANS OFFERED

McIver Says Sacramento Man Named Contractor For Hall

James McIvor, Jr., chairman of the American Legion's building committee, told members of Truckee Post No. 439, Tuesday night that Contractor Peterson of Sacramento had been awarded the contract for erecting the proposed Veterans' Memorial building here at a cost of $23,600. He said he had been so informed by County Clerk R. N. McCormack in a telephone conversation earlier in the day.

Members of the building committee recently rejected plans for a building estimated to cost approximately $38,000 and urged the board of supervisors to alter the plans and submit the specifications for rebid. Some of the members objected to the plans as changed from the original design.

According to McIver, the present contemplated plans are practically the same as those orginally submitted with cuts having been made to meet the money available to start construction.

It was not indicated when construction would start although it is understood the appropriation is available now.

TWO OF SEAWELL'S BILLS ARE SIGNED

Among more than a score of Senate Bills signed by Governor Culbert Olson this week were two by Senator Jerrold L. Seawell, R., Roseville, according to the United Press service.

Both bills were for salary increases for county supervisors. One increased the salary of Nevada county supervisors from $1200 to $1800 a year and the other upped the pay of the Sierra county officials from $900 to $1200 per annum.

UPPER TRUCKEE IS BRIEF MECCA AFTER BEING LONG CLOSED

The Upper Truckee River opened to fishing after many years of being closed Saturday. Fifteen minutes after the stream opened, not a fish was to be taken from the abundant stream. They had been virtually scared away by the horde of nimrods who swooped down on the stream.

The banks of the stream resembled Coney Island; a fly-fisherman didn't dare to cast his line for fear of tearing an ear off his nearest competitor. Eye-witnesses set the crowd's density at from 700 to 2000.

The customary summer flies were used to catch the few that were taken out.

TRUCKEE UNION AIDS BRIDGES

Donation lists sent from Truckee by the Boca Tunnel and Construction Workers Union, Local 402, show contributions from the community to the Harry Bridges Defense Committee totalling $87.11.

The list, according to John Gailbreath, local secretary, shows contributions from unions in Reno and Truckee, from waitresses, tavern keepers, cafe owners, merchants, waiters and even from one woman who described herself as a "pan dealer." Housewives and children, he said, are also listed, including two infants. Even visitors to Truckee are listed.

YOLO OFFICERS HERE WITH SUSPECT

District Attorney C. C. McDonald and Sheriff Forrest Monroe, both of Yolo County, were in Truckee last Thursday en route home from Reno where they had gone to secure testimony for a burglary trial in progress in Woodland.

With them they had in custody Jerry Nelson, 16, an alleged accomplice of Steve Stone, former convict, who were said to have held up a Broderick tavern. The gun used was purchased in Reno and it was to identify that exhibit that the two took Nelson with them.

Stone was found guilty on Tuesday.

STATE CHAMBER OF COMMERCE OFFICERS ATTEND LAKE MEET

Fred C. Tatton, manager of the Sacramento district, and Jerry Carpenter, publicity director for the California State Chamber of Commerce, visited briefly in Truckee yesterday en route to the meeting of the Tahoe-Sierra Association meeting at Glenbrook.

Carpenter plans to return soon to consult local merchants and members of the chamber of commerce here regarding the issuance of a chamber magazine to be distributed throughout the United States next montht. They also urged that Truckee place its problem before the state chamber at regular meetings so that a helping hand can be extended.

At a meeting of the Lake Tahoe-Sierra Association yesterday at Glenbrook, Nevada, Governor E. P. Carville of Nevada was the guest of honor. Father Crowley, president of the Inyo-Mono Association, and several civic leaders in the area were also invited guests.

According to H. F. Droste, secretary of the Lake Tahoe-Sierra Association, the travel and patronage of the area far exceeds that in any other similar area in the state.

One hundred members were present at the meeting who went on record against the proposal to drain Lake Tahoe into Washoe Valley.

Jerry Carpenter, of the Winter Sports committee of the California State Chamber of Commerce, extended the facilities of that body to the association

New members accepted at the meeting were Ed Walker and Ed Chism.

LIONS AFFAIR IS DELAYED AS NEW COMMITTEE NAMED

Because of the stress of business during July, the Truckee Lions Club's ladies' night program slated for Saturday was postponed and plans laid for a fete to be held August 13, the nature of which will be decided upon by a self-appointed committee named at last night's meeting of the club in California Cafe.

The committee composed of R. S. Boren, William Englehart, Jr., F. W. Gaiennie, J. J. Duffee and William Englehart, Sr., has promised a fitting event but requested that they be permitted to act for the club.

William Forrest of Richmond and Eugene C. Stowe of Woodland were guests at the meeting.

VACATION SCHOOL PLAN OF CHURCH

The Comunity Church is planning a vacation church school to begin Monday, July 31, and continue two weeks. The sessions will begin at 9 o'clock and continue till noon. Classes will be provided for all children five years of age and upward. The work will consist of music, bible stories, bible memory work and handwork. Each day there will also be a play period. A picnic will be planned for the school at a time to be announced later.

VESPER SERVICES SET FOR SUNDAY

Rev. G. J. E. Keetch will conduct a vesper service Sunday evening at 7:30 o'clock at Camp Talawanda at King's eBach. The public is cordially invited to join the camp in the service.

ACME BEER LEADS IN WESTERN SALES

Achieving a gain that equals the entire output of many a brewery, Acme Breweries today announced that its sales for the first six months of 1939 were 740,089 gallons ahead of this same period in 1938. "Acme Beer has led in sales ever since repeal and its total output of 7,017,375 gallons for six months sets an all-time record among Western brewers," stated Karl F. Schuster, president of Acme Breweries.

This gain conincides with the company's largest investment in newspaper advertising and is all the more significant in a period when the brewing industry as a whole reports a slight sales decline.

HOMEWOOD RESORT TO HAVE BIRTHDAY

Joe Orsi, one of the managers of El Campo Inn at Homewod, announces that the popular resort will observe its third anniversary with a party Saturday night when a free dance with free refreshment will be provided for the guests. An invitation is extended to everyone to attend and assist in observing the event.

Proposed Tunnel Would Draw From Tahoe to Nevada

Once Bitter Contest Again Resumed As Project Suggested

WOULD COST HUGE SUM

Reclamation Project Studied To Provide Water To Washoe

A project which had western California up in arms 30 years ago, was again proposed before the United States Senate this week by Commissioner of Reclamation John C. Page. The project calls for a tunnel from Lake Tahoe to drain the excess waters of the lake into the bed of Washoe Lake, Nevada.

Page said the overflow would be used to flood a six billion acre-feet irrigation reservoir if the project is finally found feasible by engineers and sufficient money is forthcoming from the federal government. The commissioner's proposal would call for construction of a power plant at the discharge end of the tunnel at Franktown, Nevada, to operate an 1100-foot head of water from the lake.

When the project was first proposed a storm of criticism arose in California and a nation-wide campaign was inaugurated against it on the grounds it would mar the scenic beauty of Tahoe. The original plan was to drain the lake into Eagle Valley, in which Carson City is located.

Advocates of the plan say that the beauty of Lake Tahoe would be unimpaired and flood dangers would be lessened. The outstanding advantage cited was the increased power in western Nevada and the further development of agriculture there by more adequate irrigation facilities.

The cost, estimated by Page, would be $6,000,000.

Tasker L. Oddie, former governor and United States senator from Nevada, Monday issued a statement opposing the tunnel. He said that he considered the plan dangerous and advised Nevada to "watch her step."

Aside from a slight trickle from the Boca Dam reservoir, Lake Tahoe is supplying the major part of the water in Truckee River which now irrigates the northwestern Nevada region.

203,000 TOURISTS ENTERED STATE IN MONTH, REPORT

Figures announced by E. M. Swift, supervision quarantine oficer of the bureau of plant quarantine of the State Department of Agriculture, which has charge of the border quarantine stations, show that 203,082 tourists entered California during the month of May, 1939. A little better than one-half of these entered the state by routes leading drectly into Superior California.

At the Truckee station a total of 28,899 passenger cars, of which 5215 were out-of-state cars, came through during the month. A total of 919 commercial trucks came through the local station and 316 stages with 4188 passengers came through.

SERVICE STATION ROBBERY SUSPECTS HELD FOR TRIAL

The crime careers of three young men were nipped in the bud this week after their arrest for burglarizing a Truckee service station.

According to Deputy Sheriff N. F. Dolley, the trio entered the station in the early morning hours Monday to burglarize it. In the commission of the crime, an attednant appeared and frightened the youths into dropping their loot and making a getaway to Reno, where they were apprehended by Washoe County officers, on the advice of the local police.

The three men were Eugene W. Borden, 19, of Fleetwood, Pa.; Siegfried Rieger, 20, and James Willard, 22, both of Kansas City, Mo. They are being held in jail at Nevada City pending trial in superior court.

Vivtor Abrahamson of Roseville is home after a pleasant outing at Zephyr Point on Lake Tahoe, having accompanied there a group of young people from the Westminster Presbyterian Church in Sacramento.

Mr. and Mrs. Joe Zannon and Mr. and Mrs. J. B. Zannon, all of Roseville, made a trip around Lake Tahoe last weekend.

SWIMMER TO TRY DONNER LAKE ON FIRST OF MONTH

Irving Astman, operator at the government's Donner Summit Airways station, who last summer swam the length of Donner Lake in one hour and 55 minutes, announced that he will swim the difficult course again during the first week in August.

Astman, when he made the swim in the icy water last summer, was not attempting to set a record, but went merely to pace a Sacramento youth, who was out to make a new mark. The youth was forced to drop out after an hour in the water, so Astman continued the swim on his own so as not to disappoint spectators.

This year, he said, he will beat by far the time made last summer when he was unaccustomed to the altitude and the water.

ROTARY CLUB HEARS INTERESTING TALK ON CARRIER PIGEONS

Members of the Truckee Rotary Club Monday night were entertained by J. B. Vanderberg of Reno, who gave an education and interestting talk on the origin and development of the carrier pigeon. He illustrated his discussion with a pair of his prize birds which were valued at 450.

Among other things, the speaker said Truckee was consierded one of the best spots in the west from which to liberate pigeons, because of the atmospheric conditions which prevail.

Interesting, too, was the statement that in the history of the pigeon hobby, not a single bird had been lost by carelessness on the part of the Railway Express Company or the railroads which are generally employed to transport the birds to the place for liberation.

15 STUDENTS WIN POSITIONS IN U. S. FORESTRY SERVICE

NEVADA CITY, July 20— Fifteen forestry school students have been given positions in the short-term protective force on the Tahoe National Forest this season, according to officials here. Of these, eight are from the University of California, five from Minnesota and one each from Iowa and Utah. In addition to these three pre-forestry students of the University of Nevada are employed on the fire suppression squad at the Truckee Ranger Station.

The policy of the Forest Service, E. L. Baxter, in charge of fire protection, says, is to employ these forestry students to the greatest extent possible so that they may secure actual experience in the profession they have chosen and for which they are educating themselves, and thus fit themselves for higher administrative positions, either in the Forest Service or in the field of private forestry.

CAR THEFT BLAMED TO RENO EMPLOYE

TAHOE CITY, July 20—Traffic Patrolman F. E. Walker on Wednesday, July 12, arrested H. H. Fournice, 31-year-old Renolet, who had been employed in the garage at one of the lake resorts, for the alleged theft of $40 from the car of M. H. McAntree of Stanford University. Fournice, who had served five years in San uQentin for infraction of the gun law, turned over his pay check to make good the loss and was given a "floater" by Officer Walker

TRANSIENT NABBED AS THIEF IS HELD TO HIGHER COURT

Climaxing a series of petty thefts and house breakings in the district during recent weeks, a man giving several names, none of which was believed correct, was nabbed at the Paul Gavin home at Edgewater Sunday morning and subsequently held to answer to the superior court of Placer County on charges of breaking and entering and burglary.

The man was apprehended by Gavin and W. C. Winslow of Denivelle as he left the Gavin home shortly after 10 o'clock Sunday morning. It was reported he had sundry articles in his possession taken from the home.

Taken before Justice of the Peace Evelyn Bliss at Tahoe City by Constable Harry Johanson, he was ordered taken to Auburn to await a hearing in the higher court.

Teacher Here—

G. Dale Miller, instructor at Woodland High School, and located at Homewood for the summer, was a Truckee visitor last week.

Official Says Border Stations To Stay Open

Contradictory Reports Given When Visit Is Made Here

MAY INCREASE SERVICE

Director's Aide Says Plan Is Not To Close Stations

The state department of motor vehicles does not plan elimination of the border registration station, but instead proposes to increase the service to include all roads leading into the state.

That in substance was the report given by William B. Roe of the department, who visited the local station Saturday.

Announcement had previously been made by Howard Deems, registrar of the department, that Frank W. Clark, acting director, had ordered the stations closed.

In a letter to State Senator Jerrold Seawall, Roe said in part:

"While this department will probably abolish the present checking stations, we feel that the plan we have in view will not only give the department a greater coverage on the roads into California, but will decrease our costs.

"Please bear in mind that the highway patrol stations are not being changed and that as far as apprehending stolen property is concerned, there will be no loss in service to the state."

Significant was the paragraph which evidently referred to the recent newspaper reports that Deems had ordered the stations abolished:

"It is unfortunate that the press, at times, carries information that is incorect."

Roe indicated that money is being expended unwisely in many units of the motor vehicle division and that it is the purpose of the administration to eliminate as much of this waste as possible and at the same time retain as much service as the budget permits.

Contradictory reports have baffled even those close to the situation and to date nothing that can be branded as definite regarding the future of the station has been aired.

WORK AT BOCA TO BE COMPLETED AS GATES ARE PLACED

Work on the upstream storage dam at Boca is now centering on completion of the outlet tunnel valve house, landscaping and road construction, C. S. Hale, bureau of reclamation engineer, reported Tuesday.

Flood control gates for the reservoir were recently set in place. The gates, electrically operated, are 17 feet in height. An alarm signal has been worked out so that an emergency generator may be used in time of power failure.

Work Near Completion On Sierraville Road

Contractors are unloading 35 cars of road oil at the siding opposite the old power plant. The oil is for the section of highway between Sagehen Creek and the Little Truckee River.

The road, when completed, will finish a fne 20-mile highway between Truckee and Sierraville.

SORORITY MEETING IS HELD AT TAHOE

The Gamma Omicron Chapter of Delta Theta Tau sorority celebrated its 11th annual founders' day at Lake Tahoe last weekend.

The program featured a cocktail party in a Meeks Bay summer home with a dinner dance rounding off the evening's entertainment. Sunday's activities were informal, with a breakfast and swimming party in the morning.

The members and their guests met at the lake and returned to Sacramento late Sunday.

Having 'An Equal Chance'

"When some men talk about an equal chance," said Hi Ho, the sage of Chinatown, "they mean an equal chance at easy money and they want their chance first."

White Lake Dry Each Decade

In the Gobi desert is White lake, called by that name because every ten years it dries up and leaves a white salt surface.

THE RELIGION OF NAZISM

If such luxuries as anniversary cakes were allowed to mitigate the gloom of a Nazi concentration camp, two candles would be lighted this month in the cell of Martin Niemoeller, Lutheran vicar of Berlin-Dahlem.

Pastor Nemoeller was a pioneer Nazi. He had no quarrel with Hitler's secular program, his domestic plans, or his foriegn plots. On only one point did he take his stand. In matters of private conscience, Pastor Niemoeller proclaimed, "we must obey God rather tha man!".

On that issue alone, Hitler condemned him to a prison cell, despite evidence so transparent and unsubstantial as to wring aquittal from even a Nazi jury. For two years Niemoeller has walked the floor of his cell, a symbol of Herr Hitler's determination to wipe out all who would proclaim other gods before him.

The religion of Nazism is a religion of unquestoned obedience to state and leader. It proclaims: "There is no god but Germany, and Hitler is his prophet." It discards the ethical standards of absolute right and wrong and substitutes the new measure of "what is good for the state".

The clash between Nazism and religion—be it Protestantism, Judaism or Catholicism—is basic and unavoiable. The religion of Hitler is inevitably at war with the ethical system first voiced by the prophets of Israel, and brought to its highest peak in the Sermon on the Mount.

One thing is certain! As long as the souls of 88 million Germans are held in the hands of Adolf Htiler, there will no freedom of conscience, no "God before man" in the land of Martin Luther.

THE WILL TO PEACE

The two living Americans who have been most highly honored by the American people present simultaneously opinions on the course this nation should take in a world that seems tending toward another world war. Herbert Hoover, only living ex-President, writing in the American Magazine, says that "we may have to go to war again", but continued: "War should be on this hemisphere alone and in the defense of our firesides or our honor. For that alone should we pay the price." President Roosevelt is quoted as saying that the policy of his administraton is to prevent war in any part of the world because anything that can be done to stop war is good.

Here are two respected Amerisan statesmen, boht with the will to peace, but with views somewhat divergent. With Mr. Hoover, mst Americans will nstantly agree that the place for American soldiers to fight is on American soil—at least, on the soil of the American continents. With Mr. Roosevelt, most Americans will also agree that the prevention of war in any part of the world is good.

Yet, while both men are earnest in their stands, an instinctive feeling arises that Mr. Roosevelt may be a trifle too hopeful as well as too bold. No ideal could be more highly motivated than his ideal that it is good to prevent war in "any part of the world". But can we prevent it? We couldn't —in 1914!

If Mr. Roosevelt, undoubtedly a man of extradordinary influence throughout the world, can exert that influence to prevent faraway war, he will perform a universal service all his countrymen will applaud. But if he cannot accomplish that, Mr. Hoover's advice that we confine our military activities to home defense will find a warm echo in many, many hearts—particularly in those of Gold Star mothers and the inmates of veterans' hospitals.

ADVERTISE IN THE SIERRA SUN FOR RESULTS

Pre-Fair Days

(WNU SERVICE)

State Fair Program Takes Form

SACRAMENTO, July 20— And it's heigh-ho, heigh-ho to the fair we go as Walt Disney's cartoon family leads the parade in presenting the advertising of Calfornia's 85th annual state fair at Sacramento September 1 thru 10.

Soon from the Oregon line to San Diego Mickey Mouse, Minnie, Pluto, Ferdinand, Donald Duck and the 3 Little Pigs will greet the eye urging attendance at the world's largest state fair.

Mickey has Pluto on a leash and heads for the main gate with a happy invitation to follow. Donald Duck rides in on Ferdinand who heads for the flower show, but ends up doing his stuff pulling a covered wagon.

Once inside, Mickey has a scooter on which to tour the grounds much to the disgust of the more dignified Minnie.

The Three Little Pigs arrive in a merry mood, skillfully avoid the barbecue pits and finally cast their fortunes with the boys and girls of the 4-H Clubs and the Future Farmers of America.

All this comes about because Walt Disney, as his share in promoting the state's greatest show, granted the fair directors and Secretary-Manager Robert Muckler permission to use his cartoons for advertising without cost.

SACRAMENTO, July 20 —(UP)— Sergeant Alvin York, "the world's greatest soldier," will be at the California State Fair this year, Secretary Manager Robert Muckler announced last week.

York, in the Battle of The Argonne during the World War, captured 132 enemy soldiers and put 35 machine guns out of commission, a feat termed by Marshall Foch "the greatest thing accomplished by a private soldier."

The sergeant's appearance will be on American Legion Day.

Who in '40?

Edited by TOM JEFFERSON

Addressing a Democratic rally at Los Angeles a few days ago, Governor Olson boomed out: "I feel sure that the American people will be for President Roosevelt in 1940 ast they were in 1936. He should be re-nominated for a third term!" And speaking from the same platform, J. F. T. O'Conner, former Comptroller of the Currency and unsuccessful candidate against Governor Olson last year, asserted: "We should make Governor Olson the vice presidential nominee in 1940!"

Down Louisiana way another bigwig Democrat, Senator John Overton of the Pelican State, said that he did not believe the President should or would come out for a third term. Events of the week seemed to bear out Overton. The McNutt appointment to a key administration post and the President's statement of at least a dozen young men who would be suitable presidential timber. Mr. Roosevelt's list included Secretray of Commerce Harry Hopkins, Attorney General Frank Murphy and Solicitor General Robert Jackson.

by JOHN W. DUNLAP
United Press Staff Correspondent

* * * *

SACRAMENTO, July 20 —(UP)— Democratic Party officials here are inclined to doubt the sincerity of a group circulating petitions "urging" President Roosevelt to run for a third term in 1940.

Petitions are being circulated thru Democratic organizations seeking members—and dues—for a "Roosevelt 1940 Club", on grounds there is no other man in the party capable of continuing the policies established by the President during the last eight years.

It's not that the Democratic leaders are aginst a third term for Mr. Roosevelt. In fact Governor Olson came out with a flat statement that "we should have a renomination of President Roosevelt for a third term." But one party spokesman sees the currnt petition circulating as a racket.

"They will have no trouble getting plenty of signatures under a Roosevelt banner," he said, "but they are gambling on the policy that the President might not run. If he doesn't, then their 'club' and the influence it represents will be bartered to one of the other delegates seeking support of California's convention delegates at the primaries next year.

"Any movement such as this should originate with the State Central Committee, and that group has not authorized any circulation of petitions."

All the routes covered by George Washington in his life time recently were covered by an airplane in a single day.

Postage stamps were not used in the United States until 1847. Prior to that time, postage on mail was paid in cash by either the sender or receiver.

More than 1500 patented inventions are incorporated in the modern automobile.

The cost of maintaining Federal, State and local governments in the United States for the fiscal year ending next June 30 is estimated at $19,000,000,000, or $145 for every man, woman and child in the country.

TAHOE REGION NEWS

Tahoe . . . . Ramblings . .

By Anne B. Anderson

The level of Lake Tahoe, on Monday, July 17, was 6226,69 feet with seven gates open at the Truckee Dam outlet, and 468 CSF of water leaving the lake. Temperatures varied from a high day temperature of 84 degress on July 9 and 12 to a low night temperature of 37 degrees on the 16th.

Traffic all around the lake was exceedingly heavy over the weekend and resorts were crowded. The opening of the closed three-mile fishing area on the Upper Truckee drew hundreds of fishermen.

Dr. George Hinkle of Lakeview Drive left Monday morning for San Francisco, accompanied by Mrs. Hinkle. Dr. Hinkle has accepted a position in the English department of San Francisco State Teachers' College.

Charles Geisendorfer of Colfax, a Placer County supervisor, spent Sunday at Tahoe.

Guests at the J. L. Debenedetti home at Sunnyside last week were: Mr. and Mrs. J. L. Debeneditti, Jr., and son of San Mateo Mr. and Mrs. Philip Fay of Piedmont; Mrs. Kenneth Walken of Westwood, and Miss Cecil Hanson of Pasadena.

Miss Francis Clemens of Sacramento is a guest at the home of Miss Lillian Vernon, Lakeview Drive.

Dr. and Mrs. Donald Grass of Clear Lake, Iowa, are visiting their daughter, Miss Donaldine Grass, of the Sacramento Junior College faculty, in her cabin home on the Dollar Hill in Lake Forest Unit No. 3.

Dr. Ray Lyman Wilbur, president of Stanford University, was a guest at the lovely lakeshore home of the Henry J. Kaiser's "Fleur-de-Lac" on Sunday.

Mr. and Mrs. J. E. Baldsley and family, of Stockton, were guests at the home of Mr. and Mrs. Charles Heller, Meeks Bay, over the weekend.

Fishing continues to be excellent, both in Lake Tahoe and the Truckee River. On Wednesday, from Sunnyside pier, Jim Swanson brought in a fine 3½-pound rainbow. Dr. William Miller and Otto Fox, both of Auburn, took limits from Barber Creek recently. Kenneth Fox, 12-year-old son of Fox, caught at 21-inch brook trout in the Truckee River near Tahoe City this week. Barnek Morrow of Tahoe City has been getting limit catches in Blackwood Creek and Antone eMadows.

On Thursday, from Antone Meadows, Pete Vanni got 16 fine trout over six inches long and Kenneth Fox got a fine limit catch.

Jerry Lewis, of the H. J. Kaiser estite at Tahoe Pines, has been bringing in some fine catches of silver trout from the lake and the lagoon on Fluer-de-lac. the Kaiser estate. Another successful angler at Fluer-de-lac las week was Mrs. J. Knowland, wife of the editor of the Oakland Tribune, who was a guest at the Kaiser home.

Mrs. Radford Kiefer of Meeks Bay is recovering from the effects of a foot injury, caused by stepping on a nail last week.

PLANS TO INCORPORATE TAHOE WOMEN'S CLUB ARE MADE AT MEETING

TAHOE CITY, July 20—A regular meeting of Tahoe Women's Club was held in the Tahoe Community Center building last Thursday with the president, Mrs. Willis Hevel, presiding. Routine business affairs were settled and plans made to incorporate the club under the laws of the state.

A dessert bridge party wil be given in the clubroom of the Community Center on the afternoon of July 27. A cordial invitation was extended by the president to all summer visitors at Tahoe to attend. Score cards sold will include prizes and refreshments. Both auction and contract tables will be in play.

TAHOE CARETAKER IS RUSHED TO RENO FOR SERIOUS OPERATION

TAHOE CITY, July 20—Erwin Moore, caretaker of the Stanley Dollar estate near Carnelian Bay is resting in a Reno hospital after a midnight dash by car from his lakeshore home made necesary for an immediate hernia operation. Moore became ill last Friday night and at the direction of Dr. C. B. Pedersen, local physician, was taken to the Reno hospital by Stanley Dollar, Jr., who last week piloted his new hydroplane, "Miss Golden Gate," to win the championshp in the Tahoe Yacht Club regatta. This week he piloted a car down the mountain roads to save the life of he caretaker.

TAHOE OFFICERS TAKE FUGITIVES FROM HOLD-UP IN CAPITAL CITY

TAHOE CITY, July 20—Constable Harry Johanson, assisted by Traffic Patrolman F. E. Walker and Deputy Sheriffs Charles Swanson and Bud Walker, on July 13, captured two escaped convicts who had been camping with relatives on the Rubicon road for several weeks. The men, Alfred and Wallace Belding, brothers and ex-Folsom inmates, escaped from officers in Sacramento in 1937 when apprehended while robbing a locomotive at the Pacific Aggregate Company. Johanson had been working on the case for 10 days and traced the men through a truck license, after receiving a tip they were in this vicinity. The men made no resistance. Johanson took them to Sacramento and turned them over to Sheriff Don Cox.

Defender

SAN FRANCISCO—Carol King, woman atorney sceeduled to head lega defense for Harry Bridges in an Angel Island (San Francisco) deportation hearig for the labor leader ordered by the U. S. Immigration Service.

NOVEL PLAN TO OBTAIN FUNDS OF H. & W. CLUB INSTITUTED AT MEEKS

TAHOE CITY, July 20—A novel plan by which to raise money for the building fund of the H. and W. Philanthropic Club of Meeks' Bay is being used by members of the organization. A "gypsy basket" is sent traveling among the members which conttains some homemade "goody," such as pie or cookies, along with a slotted can for the insertion of coins. The member receiving the basket puts 25 cents or more in the can and then refills the basket with another homemade offering which she passes on to the next member. And so the building fund grows. This energetic group, though social meetings have to be postponed through the busy summer, continues to plan original and interesting schemes by which to add to the growing fund for the clubhouse.

Bible Classes Are Started At Tahoe

TAHOE CITY, July 20—The Tahoe branch of the American Sunday School Union, which meets in the Comunity Center hall at 10 a. m. on Sundays, had 33 children and adults present last Sunday. Vacation bible school will started Monday, and will be held for the week, from 9 to 12 a. m., under the direction of Mrs. Tejas Edwards and Mrs. Harley Groves. Studies of both the old and new testaments will be made and bible memory work is scheduled. Rev. C. W. Graves of Reno, missionary of the American Sunday School Union, will attend the services on Friday, July 21, and on Sunday, July 23. At the branch recently established at Tahoe Vista on the north end of the lake. Rev. G. J. E. Keetch of Truckee is now superintendent. A meting is to be held on July 27 to discuss changing the time of meeting of this branch.

TAHOE UTILITY BONDS SOLD TO AUBURN BANK

TAHOE CITY, July 20—At a meeting of the directors of the Tahoe City Public Utility District, held in the Commuity Hall on July 13, the directors voted to let President Clarence W. Vernon award the bonds. Accordingly, Veron awarded the bonds to the Placer County Bank, Auburn.

Mrs. Martin Spitsen, of Lakeview Drive, was appointed clerk and accountant of the district.

Plans were also formulated regarding the paying up of debts recently incurred by the district.

Vernon drove to Auburn Monday to deliver the $13,500 worth of bonds of the district to the purchaser, the Placer County Bank. Next step in the plans of the directors is the purchase of the Tahoe Water District, which will be completed after the detailed inventory, now being prepared, is completed. Plans and specifications drawn by Jerome Baricau of Auburn for additions and improvements to the district have been adopted with slight changes by the directors and will be started by the first of September, according to President Vernon.

Tentative rates of $18 a year for a single residence have been set by directors.

John Bell Johnson, contractor, son of Mr. and Mrs. A. B. Johnson of Tahoe Park, fell off the roof of a house he was constructing last week, cutting his head and requiring four stitches to close the wound.

Friends will be glad to know that Mrs. Dave Chambers of Chamber's Lodge is now convalescent after her recent shoulder injury, received when her car crashed into a tree near the lodge gates recently.

Supervisor Jack McFadden of Forest Hll paid a business visit to Lake Tahoe Friday.

Adequate Wiring

Small electric wires in homes are causing our customers to lose many dollars.

The Utility District has spent many hundreds of dollars to bring the proper voltage to your building. Beyoun the meter is where the loss occurs.

The District cannot deliver the proper quality of electricity to your lamps or appliances if your wiring is inadequate (too small or in por condition).

Your lamps will not burn as brightly as they should; your iron, toaster or cooker will not heat as fast as they should, and your refrigerator, radio or washing machine will not operate as eficiently if your wiring is too small. BUT your meter will keep running just the same.

Call and electric contractor in and have him check your wiring and give you an estimate on bringing it up to standard. Have him put in a few extra convenient outlets while he is thdre.

Helen Keller Gets Barkless "Seeing Eye" Dog

HELEN KELLER, famous deaf, dumb and blind lecturer greets her new "seeing eye" dog, Kanzan Go, upon his arrival at New York after completing an 11,000-mile journey from Japan by steamship. Especially trained for Miss Keller's use by the Tokyo Police Department, Kanzan Go, a shaggy, barkless Akita, was presented by the Japanese Foreign Office, equivalent to the U. S. State Department, to replace a similar dog that died two years ago while Miss Keller was lecturing in Japan.

POLITICAL PARADE

By CLEM WHITAKER

* * * *

Just as the Pacific Coast League and other minor leagues are a proving ground for ambitious lads with an eye on the ball parks of the majors, California's State Legislature has long been considered a traditional stepping stone to the halls of Congress.

Sometimes many feel the "call," while few are chosen—but that's part of the gamble in politics, baseball, or the game of life in general.

And many of the members of the 1939 legislature, at this moment, are feeling the urge to go places and do things in the national field of endeavon Here are some of the lads and their ambitions:

Asemblyman Sam Yorty (D), of cs Angeles, is playing with the idea of running for Congress. A liberal, with a big liberal following, Yorty would have a good chance to make the grade.

Senator George M. Biggar (R), of Covelo, and Assemblyman Michael J. Burns (R), of Eureka, are both thinking of taking on Congressman Clarence F. Lea (D), of Santa Rosa, but Mr. ea is a seasoned representative with a seemingly firm hold on his toga.

Senator Bradford S. Crittenden (R), of Stockton, father of the Central Valey Water Project and a veteran and able lawmaker, may go out after the seat of Congressman Frank H. Buck (D), of Vacaville. Mr. Crittenden solidified farm support in his district during the session just ended by his leadership in the fight to prevent diversion of Central Valley funds from water needs to power experiments. And if he starts, Mr. Buck will be in for a battle royal!

Senator John Phillips (R), of Banning, is being importuned by some of his friends to shy his hat into the congressional race in that district, but has reached no decision. A leader of the economy bloc that halted the imposition of some $65,000,000 in new taxes, Mr. Phillips ranks as one of the ablest members of the Senate. Three years hence, unless the pictures changes, he is likely to receive serious consideration as a Republican candidate for governor.

Senator Ed lFetcher (R), of San Diego, the ttall man of the Senate, may also try to squeeze his long frame into a berth for Washington. He's still undecided.

Assemblyman George P. Miller (D), of Alameda, who talked on every bill during the recent legislative meeting, wants a bigger auditorium and thinks Congress would suit his purposes.

Senator John D. Foley (D), of San Jose, has been boomed a bit for congressional honors, but thinks he probably should finish his term in the legislature.

And Assemblyman Ben Rosenthal (D), of Los Angeles, who talked himself hoarse (to no avail) trying to win approval of Governor Olson's record-high budget, admits that the fields look greener on Capitol Hill. If he hears the people calling, he'll run—and let somebody else carry the ball at Sacramento. He's tired. And besides, he's hoarse!

BIG PARADE PLANNED FOR PLACER CO. FAIR

The Sunday parade of the 1939 Placer County Fair at Roseville promises to be one of the best ever seen in this section. Already many outstanding groups have signified intention of entering units.

Among those outside of Roseville ad Placer County that will attract attention are the Footprinters of Sacramento, who will present a mounted spectacle designed, they hope, to draw one of the major prizes. The Buffalo Brewery has entered its beautiful team of eight matched grays, an outfit that cannot fail to draw admiration in any company.

The fair committee has announced that the prize money of $200 which is offered for this event is so allocated that all who wish to enter have a good chance at the prizes. They believe that best results will be obtained by making the parade attractive to the individual horse owner rather than the big outfit that is able to bring in elaborate displays. Accordingly they have split the purses up to make it worth while for individual mounts, groups of horsemen, etc., to compete.

Prizes will be awarded for best sustaining character, best individual mount, most unique entry, best group and so on. There is no entry fee and ay rider, group or individual in California is eligible to try for one of the prizes. All entries must be in the hands of Don . Bass, secretary of the fair association, at the earliest possible time, in order properly to allocate positions in the line of march.

"Many people will be surprised to learn that right here in Roseville we have over 100 private mounts at the present time," Bass said today in discussing the parade. "Wih these home people and the many others in the northern counties of California we should have no trouble ni surpassing anything we have ever attempted i this year's parade. This is especially true since we have arranged the rules to permit anyone in the state to be eligible ofr one of the big prizes."

The parade wil be held at 12 o'clock Sunday, August 27, and will precede the anual rodeo event at the fair grounds. All indications point to the biggest and best affair in the fair association's history.

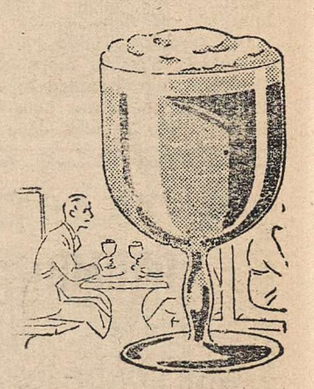

TAHOE BUILDING FUND SHOWS INCREASE FOR YEAR, REPORT SAYS

TAHOE CITY, July 20—A meeting of Tahoe Community Center on Monday at 8 p. m. with Hnery F. D. presidng. Reports ewre given by the treasurer, C. W. Vernon, and Mrs. E. W. Bliss, chairman of the membership committee. Mr. and Mrs. Jack McFadden of Forest Hill, attended the meeting. McFadden, who is county supervisor for this district, addressed the group on the subject of the location of the new jail at Tohoe. Election of officers for the year followed and officers were reinstated with the exception of Mrs. Charles Swanson, director, who resigned and was replaced by Mrs. W. A. Simmonds..

The membership drive carried on by the center this year has brought in, so far, the sum of $125, which will be used in reducing the debt of $2100 remaining on the building, which cost close to $7000 when built a year ago. The membership drive will continue through the summer, as well as benefit parties and dances through all of which it is hoped to raise around $500 to apply on the debt this year. When the debt is paid, any rentals acruing to the Comunity Center in excess of the upkeep, will be used in improving the Commons, adding to the building and other worthwhile comunity projects. Recent donations to the fund have been received from: Mr. and Mrs. Jack McFadden, Mr. and Mrs. William Nieman, Fred Kotan and W. A. Loynd.

A. M. Henry of Tahoe City was the lucky winner of a fine portable radio at a meeting of Durham-Chevrolet dealers in Reno last Wednesday.

WPA Strike Ties Vital Construction In Los Angeles

LOS ANGELES— WPA workers in walk-out at Chavez Ravine in Los Angeles, weher the $1,100,000 United States Naval and Marine Corps Armory, second largest in the nation, is under construction. It will house 2500 persons in case of a major disaster.

Engineer

SAN FRANCISCO— Pictured here receiving bread and salt, traditional hospitality gesture of Czechosloakia, former President Herbert Hoover later guest of honor for Engineers Day at Golden Gate International Exposition on Treasure Island. The former Chief Executive made the address of welcome to Czechoslovakians, whose country he helped found.

cants on inaugaral morning. Built to house a staff of five or six, the gubernatorial offices are being remodeled to accomodate an Olson retinue of 35. And $50.000 has been transferred from the State emergency fund to cover added overhead of the office during the first six months of the New Deal administration!

There'll be two new vacancies in the State House ere long—making four in toto. Senator Ed Law of El Centro, according to our Statehouse Snooper, will shortly land a federal appointment. And Senator Jesse W. Carter of Redding is definitely slated for judicial elevation!

"Once a Democrat, always a Democrat," you've heard it said. But don't you believe it! There's Dave Foutz, for example—publicity man for the Democratic State Central Committee, now attached to Governor Olson. Turn back the calendar two years and Mr. Foutz was the militant publisher of the California Republican, official organ of the Republican Assembly. In politics, that's merely versatility!

CCC, DAR Co-Operate In Restoration Of Old Fort Churchill, Nev.

SAN FRANCISCO, July 20— The important part t played in the winnig of the West is recalled by preservaiton work now underway at historic Fort Churchill, Nevada. The fort, established on the California Trail in 1860 and abandoned in 1871, is reclaiming a portion of its lost glory through efforts of the CCC under the technical direction of the National Park Service of the Interior Department, in cooperation with the Nevada State Park Commission.

The years dealt hardly with the adobe buildings of the army post. It was rapidly disintergrating when the Nevada Sagebrush Chapter of the Daughters of the American Revolution took an active interest in the ruins. The organization paved the way for present activities begun by CCC enrollees in 1935.

The National Park Service regional office states that while some restoration is being undertaken, the primary purpose of the project is the preservation of the buildings in their present form. Underway at present is the restoration of a barracks, using the original walls, to serve as a custodian headquarters and for a small museum displaying relics of the West's younger days.

History records that the fort was established as a direct result of an Indian massacre of seven persons at Williams Station on the Overland Trail. An attempt to avenge the massacre by Comstock and Carson City volunteers ended in defeat when the volunteers rushed into a trap set by the hostile Piute Indians. This incident brought soldiers to the scene and later construction of the fort. However, there was no further serious Indian trouble in the immediate vicinity.

CITY NEWS IN BRIEF

Things You and Your Friends Do

Here On Visit—
Rev. Joseph Oven from Jugoslavia is visiting his brother and family, Mr. and Mrs. Lawrence Owens. Rev. Julius Slopsak from Cleveland, Ohio, and Rev. Albin Gnidovec from Rock Springs, Wyoming, are also visiting Mr. and Mrs. Owens.

Visit Fair—
Wednesday morning, Rev. Joseph Oven, Rev. Albin Gnidovec, Rev. Julius Slopsak, Lawrence Owens and Frank Journeay from San Francisco left for a motor trip to San Francisco and the bay region. While in San Francisco they will attend the exposition. They will go to Yosemite National Park on their return trip.

Goes To Hospital—
Mrs. T. L. Bonner, aged resident of Truckee who has been seriously ill for the past few weeks, was removed to a Nevada City hospital on Saturday of last week, where she will remain until in better health.

In Hospital—
L. Mitchell, Southern Pacific conductor, is in the San Francisco S. P. hospital for treatment as is F. M. Ricter, Norden dispatcher for the company.

FREE DANCE
Kingvale Park
3 Miles West of Soda Springs
Saturday Night, July 23

Visiting Aunt—
Miss Eleanor Lawrence of Stockton is visiting her aunt, Mrs. M. G. McGwinn.

Arizona iVsitors—
Arizona Visitors—
Arizona were Truckee visitors last week.

From Valley—
Mrs. E. G. Harris has returned after spending several days with helatives in Chico.

Working Here—
Mr. and Mrs. G. W. Bryant of Roseville are making their temporary home with Mrs. Lila Parr while Bryant is employed on the Southern Pacific here.

Back To Italy—
Miss Katherine Besio, who has been visiting her brother, Steve Besio, and family for the past year and a half, has left to return to her home in Italy

Visit County Seat—
Mr. and Mrs. Frank Wilson were Nevada City visitors on Sunday and Monday, going over to see Mr. Wilson's parents, who are recovering from a recent automobile accident in Sacramento. Both are able to be at their home now.

Visits Mother—
Mrs. Charles Mausser of Burlingame visited her mother, Mrs. T. L. Bonner, several days last week and accompanied her to Nevada City Saturday.

From Roseville—
Mrs. C. Guidi of Roseville was a Truckee visitor last weekend.

Hooks Big One—
Mrs. Ernie Hoerdler took a five-pound trout on Rubicon Lake this week.

From Eureka—
Mr. and Mrs. Glenn Guthrie and family of Eureka have been visiting at the hme of Mr. and Mrs. D. D. Guthrie here.

In Nevada City—
Frank Brummond was a Nevada City business visitor Monday.

Mr. and Mrs. J. B. Clark of Grass Valley were Truckee visitors Sunday.

Engine Derailed—
The Hobart Mills engine was derailed in Truckee Saturday evening, it being caused by an open switch. The engine is being used to haul the rails in as a wrecking crew is tearing up the railroad tracks between Truckee and Hobart Mills. A Southern Pacific engine was used to get the derailed locomotive back on the tracks. No one was injured.

Chamber To Meet—
Chamber of Commerce luncheon at Truckee Coffee Shop, Monday, July 24

From South—
Mrs. Laurena Baker of Ventura was the guest of Mrs. George Pace last week.

Visit Here—
Mr. and Mrs. Clye Murray and son of Roseville spent the weekend at the home of Mr. and Mrs. P. R. Nelson.

From San Francisco—
Mrs. Charles Ocker was here from San Francisco for several days this week.

Visit Here—
Mrs. Milo Hurto and son, George, were visitors at the R. P. Brick home this week.

Leave On iVsit—
Mrs. E. J. Campbell left Saturday for a few weeks' visit with friends in Roseville and Sacramento.

Survey For Canal
Government engineers are surveying at the east end of town, reportedly for a canal to drain excess water from the Truckee River into Prosser Creek and Boca Dam.

From Loyalton—
Mr. and Mrs. R. Thompson of Loyalton brought Mrs. Clara Nelson home Sunday and visited at the Ben Tonini home.

Visit "Down Below"—
Mr. and Mrs. H. E. Canady and son of Hobart Mills spent Sunday at Grass Valley and Gridley visiting friends.

PASSES EXAMINATION
Sergeant C. E. McKeen of the California Highway Patrol, was one of 11 United States and Canadian police officers who succeeded in passing the recent difficult written test which will give them a scholarship in one of the major eastern universities. An oral examination in the safety engineering subjects is still to be held before the final most capable oficers are chosen for the coveted honor.

WINS RECOGNITION
For his part in the retention of Joseph McCann, 60-year-old former Southern Pacific employe, held here recently when officers found nearly 9,000 on his person, Patrolman A. C. Barrick of the state highway patrol, won recognition in the California Patrolman, a publication issued by the department. The illustrated article gives details of the encounter with the "walking bank."

IMPROVEMENTS NEAR CARSON
Fishermen and campers who frequent the high Sierra report that in Faith, Hope and Carity Valleys, south of Lake Tahoe, adjacent to Carson Pass, considerable improvements are under way, according to the Sacramento office of the National Automobile Club. Many new bridges are being constructed over mountain streams, some hair-pin turns are being elimintaed and patching and oiling is under way at several spots. This work will greatly improve traveling conditions in this scenic and rugged mountain country.

Acording to Dispatcher E. L. Stone of the Tahoe National Forest, the Truckee area has had one smoker fire of Class A, 13 other A fires and one Class C fire to date since the first of July. From the Big Bend station one camper fire, one smoker fire, five Class A and one B to date have been reported.

The clasification is that A covers one-fourth acre or less; B, one-fourth acer to 10 acres, and C is 10 acres or over. A smoker fire is one caused by the carelessness of a smoker and a camper fire is one caused by campers from other causes than cigarettes.

MURPHY TAKES CHARGE OF OLSON RECALL MOVE

LOS ANGELES, July 20—(UP)—James A. Murphy, finacier and political figure, has begun his duties as state director of the movement to recall Governor Culbert L. Olson.

Murphy was selected as director at a meeting of Jeffersonian Democrats, an organization which has begun the circulation of 6000 recall petitions throughout the state.

Murphy said the recall headquarters has been swamped with telephone calls and volunteers seeking to aid the movement. He said they have been offered the support of Robert Noble, pension plan advocatte, and of George Highley, head of Pension Club 93.

INCENDIARISM IS PROBED IN SANFORD RANCH FIRE

GRASS VALLEY, July 20—State fire crew officers are investigating possible incendiarism in the Sanford ranch fire near Bear Valley, which broke out again Friday, July 14, and burned over an additional 500 acres.

The fire, which started late Thursday, July 13, near Bear River, burned over 1200 acres of range land. For a time it threatened the ranch buildings.

A crew of 55 men from Nevada, Yuba and Placer counties fought the blaze.

Whitewash Coal for Queen
Victoria, Queen of England from 1837 to 1901, was unaware of many ceremonial gestures made in her honor, one of which, says Collier's Weekly, was the whitewashing of the coal for the engine of her private train "to make it fit for royal use."
